XPO Technology General Trading & Contracting Co. W.L.L

Who We Are

XPO Technology General Trading & Contracting Co. W.L.L., established in 2008, is a Bureau Veritas (BV) accredited CMEI Contracting Company, certified to ISO 9001 (Quality Management), ISO 14001 (Environmental Management) and ISO 45001 (Occupational Health & Safety) standards.

Headquartered in Kuwait, we deliver comprehensive engineering, procurement, construction and maintenance services across the oil & gas, power & water, petrochemical, infrastructure sectors etc. commitment to safety, performance and sustainability.

What We Do

Integrated Services Portfolio

-  **Engineering & Industrial Management Services**
-  **Construction & Field Services**
-  **Specialized Services**
-  **Industrial Trading Solutions**

Our Purpose

Empowering sustainable industrial development with commitment, capability and character

We exist to serve as a trusted partner in the energy value chain, delivering safe, timely and value-driven solutions. Every project we undertake reflects our strong belief in precision, productivity and performance excellence.

Our Philosophy

We believe that the future of energy and industry will be defined by resilience, agility and partnership

XPO Technology is committed to shaping that future by embedding safety, digitalization and sustainability at the centre of our operations. Our people form the core of our success empowered teams, empowered thinking.

Our Guiding Principles

Principle	What It Means to Us
Integrity	Ethical conduct, transparent communication and total accountability in every action.
Operational Excellence	Relentless pursuit of quality, schedule fidelity and flawless execution.
People First	Fostering growth, skill development and well-being of our workforce.
Innovation	Harnessing advanced technologies and smarter processes to unlock better outcomes.
Sustainability	Protecting the environment, resources and communities where we operate.

Environment, Health & Safety Commitment

We operate under a robust HSE framework that puts safety above all else. Our policy focuses on:

- Zero harm to people, assets and environment
- Reduction of emissions, waste and energy use
- Strong compliance with legal and statutory requirements
- Continuous improvement through training, audits and preventive strategies

Working with XPO Technology

When you partner with XPO Technology, you engage a contracting company that listens, learns and delivers - bringing agility to complex industrial challenges.

We act as an extension of our client's vision, working collaboratively to produce infrastructure and energy solutions that stand the test of time.

Executive Leadership

Saud Omar Nayef Al Otaibi

Chairman

As Chairman of XPO Technology General Trading & Contracting Co. W. L. L, we lead a decade-strong force in the Oil and Gas industry, defined by innovation, precision, and unwavering excellence. Let's continue our relentless pursuit of unparalleled success. We prioritize customer satisfaction, values initiative, and empowers our team with a sense of ownership. With ambitious expansion plans, we paint a promising future. Join us on this journey to success.

Santhosh Kumar

Managing Director

Within the dynamic realm of XPO, I stand as the Managing Director, steering a course of unwavering commitment and excellence in Oil and Gas. Our portfolio sets new industry benchmarks in construction, pre-commissioning, and maintenance. With gratitude for your trust, we deliver cost-effective, advanced solutions, expanding intelligently to attract top talent. Thanks to our dedicated team and valued clients for propelling us forward.

Asok Kumar

Director – Business Operations

At XPO, we drive growth by aligning technical expertise with strategic business development. Our journey has been marked by innovation, strong partnerships, and consistent value delivery across sectors. As we expand our capabilities, we remain committed to sustainability and digital transformation. Looking ahead, we aim to create lasting impact through smart solutions and client-focused growth.

Jijo Babu S

Manager – Operations

Operational excellence is the backbone of XPO's success. We prioritize efficiency, quality, and safety in every process to ensure seamless project execution and client satisfaction. Through continuous improvement and team-driven performance, we've built a strong foundation for scalable growth. Our focus remains on delivering results that uphold our standards and strengthen long-term partnerships.

Our Services

By incorporating technology, innovation and the immaculate brains of our workforce, we present to you a comprehensive range of services that are purely customer-oriented.

Engineering and Industrial Management Services

We have equipped ourselves enough to cater to such a multidisciplinary aspect in the Oil and Gas industry. Our specialist team is determined to serve you to the best of their expertise in these areas:

Consultancy services

Process Study and Basic Design

Reliability and Detailed Engineering

Front End Engineering Design (FEED)

3D Design Drafting

- Bentley AutoPLAN, CadWorx
- PDMS, SmartPlant Suite, AutoCAD
- Kubit

3D Scanning & Conversion

Preventive Maintenance

Construction and Field Services

Efficiency, reliability, and excellence define every stage of our construction and Industrial services. With the right mix of expertise, technology, and dedication, projects are delivered with precision, safety, and long-lasting value. From managing complex projects to executing specialized installations, we ensure success from start to finish.

We specialize in:

Project Management

Civil, Mechanical, Electrical & Instrumentation Works

Rotary Equipment Installations

Heavy Equipment Erection

Piping and Pipeline Works

Scaffolding and Access Solutions

Turnaround Services

Specialized Services

Smarter, safer, and more efficient solutions are at the core of our specialized services. With deep knowledge of the Oil & Gas industry, our team delivers reliable support that meets the most demanding challenges with precision and care.

We specialize in:

Flange Management (Bolt Torquing and Tensioning)

Chemical Cleaning and Flushing

Vacuum Drying and Dew Pointing

Catalyst Loading / Unloading

Hot and Cold Insulation & Cladding

Pigging of Pipelines

Nitrogen and Helium Leak Testing, Mothballing

Hot Tapping and Stoppling

Skid Mounted Systems

Pre-Commissioning and Commissioning

Industrial Trading Solutions

A complete source for high-quality Industrial products, our trading division ensures projects run smoothly and efficiently. With a wide range of equipment trusted across the Oil & Gas and Industrial sectors, we deliver reliability and value under one roof.

We offer:

Valves & Strainers

Pipes, Tubes & Fittings

Fasteners

Gaskets

Field Instruments
